Stony Plain School Division have been granted a permit to build four additional rooms connecting the two present schools. Two additional permits have been issued to Stony Plain School Division for the remodeling two teacherages,

James Davies, lot 30, Block 25, garage.

R.S. Schurman, block 23

W. Davies, lot 30, block 25

Drayton Valley Curling Club, lot 3, block 4

Drayton Valley Stores Ltd. warehouse.

Electrical Contracting & Machinery Ltd. Repair Shop.

John Getzinger. addition

Donald Amraut, lot 19, block 27, residence.

The Town of Drayton Valley has sent a letter to the Department of Highways requesting further information relative to the proposed street paving program of the Department, which is said to make provision for assistance to towns in their street paving projects.

In an all day meeting recently the Town Council, in addition to disposing of a large volume of business relating to the town, set up committees to take care of various phases of the town's operations. Heading the committee for Health and Welfare is Don McKenzie; Oil Oslund is chairman of the Development Committee, Frank Bosworth is chairman of the Finance Committee; Chairman of the Public Works Committee is Carl Wahl, and Howard Pickup is chairman of the Public Relations Committee.

Under discussion with the provincial government is the matter of the possibility of the building of a hospital for chronic cases in Drayton Valley.

A brief is being prepared for submission to the Public Utilities Commission Board regarding rates for natural gas in Drayton Valley. A Sub-

mission is to be presented to the Board to prevent a raise in gas rates within the town of Drayton Valley.

### HOSPITAL DISTRICT VOTES ON MONEY BYLAWS

Although the official figure had not yet been released at the time of going to press it is believed that the money by-laws relating to the Drayton Valley Municipal Hospital District passed by a substantial majority.

Bylaw No. 5 provides for the building and equipping of a Nurses' Residence in Drayton Valley, and Bylaw No. 6 provides for the borrowing of \$35,000. by way of debentures for completing purchase of equipment and other items needed by the hospital.

Drayton Valley Hospital is filling a large and growing need for hospital facilities in the district. To date, since the hospital opened on August 3th, there have been 390 admissions to the hospital, and 50 babies have been born there.

### NOMINATING CONVENTION FOR STONY PLAIN CONSTITUENCY TO BE HELD IN DRAYTON.

Representatives of the Stony Plain Progressive Conservative Association met in Edson recently during the time the Jasper-Edson federal constituency convention was being held. The Stony Plain group decided to hold the nominating convention for the constituency in Drayton Valley.

Date set for the Nominating Convention is January 10th, 1959. The meeting will be held in the evening of the tenth of January.

Dr. Hugh Horner, M.P. for Jasper-Edson riding, gave a report to the convention at Edson of proceedings in the sessions of Parliament at Ottawa. Dr. Horner asked for letters from his constituents in Jasper-Edson. He stated that it was one way in which a Member of Parliament could keep in touch with his constituency. He stated: "With the vast distance from the House to this constituency we cannot keep in touch as closely as we would like. You can help us by writing and relaying your problems..."

Dr. Horner further stated: "I like to think of Jasper-Edson Constituency as the oil capital of Alberta. Half the oil produced in Alberta comes from this constituency. The present recession in this industry amounted to 10% in oil sales. Next year I think we can look forward to an increase of 10%"

# DRAYTON VALLEY, ALTA.

The battle lines were drawn last week in what could be a major struggle in Alberta over the contentious issue of industrial taxation.

The challenge was thrown out by the Alberta Association of Municipal Districts, at its annual convention here, in a resolution inviting the provincial government to take over the assessment of industry, collection of taxes, distribution of revenue.

This is something the government has been quietly thinking about for several years, and the action of the municipal districts may provide an excuse to do something about it.

But even with the support of the municipal districts, the issue is loaded with political dynamite. Some stronger members of the Union of Alberta Municipalities including the major cities -- are bitterly opposed to the idea of turning over any of their taxing powers to the province.

Municipal Affairs Minister Alf Cooke, when informed of the resolution, declined to make a comment for the record. But it's fairly obvious he was glad to see the new development because the government would like to do something about equalizing and stabilizing industrial taxes.

Mr. Cooke has said in the past that high taxes are retarding industry away from Alberta. Other disadvantages of the present system include wide variations in tax rates, which lead in turn to cutthroat competition among municipalities to attract industry, and give some districts a big advantage over others.

The issue at stake here is fairly clear: The rural municipalities, many of them struggling to make ends meet and not cashing in on industrial development, are crying the extra revenue that might result from the province collecting the money and sharing it with everyone.

The cities and towns fear they may have to take a slash in revenue if they lose the power to extract tax money from industry.

Indications are the government would like to take some action during the next session of the Legislature, but a lot depends on the possible political implications of any move to take over industrial taxation.

Officially, the resolution put the association on record as favoring the provincial industrial tax in principle. And many of the delegates feel such action will be the only answer to their problems, and it amounts to an invitation to the government to go ahead and begin making plans.

It's interesting to note the source of the resolution. It was sponsored by the Municipal District of Strathcona -- which stands to lose if Edmonton goes ahead with plans to annex a wealthy industrial area on its outskirts -- and the ID of Leduc, where oil development produces more extra cost than it does extra revenue.

Feeling among delegates at the convention was that if the province doesn't take hold over industrial taxation, cities and towns will grab all of it.

(cont'd next column)

## Mr. Mason's Column (Cont'd)

SHORT IN THE A.M. for the tourist industry should result from a proposed forestry road building program to be started next year and continued through 1960.

When it's finished, there will be a forestry road from Grande Prairie in the north to Coleman in the south. It will involve connecting links between Edmonton and Grande Prairie, and between Hordge and Lovett, in the Coal Branch area.

Besides providing access to vast forest areas, it will open hundreds of square miles of virgin territory to campers, hunters, anglers, and tourists who like to get away from the bustle of main highways. The government estimates the first phase of the program -- completing the road from entrance to Grande Prairie -- will cost \$200,000.

The road system also may revive some ghost towns along the route. Hordge, once-thriving coal mining town, and outlying centre.

ALBERTA IS BEHIND the pinch of cutbacks in oil sales to U.S. refineries. The government's interim financial statement for the first six months of the fiscal year shows oil and gas royalties down \$7,086,189 and earnings from lease and reversion sales down \$6,369,505. Result: a deficit on operations of \$4,725,695. Said Provincial Auditor John Macdonald: "With the oil situation improving, we're going to feel the pinch."

NOVEMBER MEETING OF LADIES AUXILIARY The November meeting of the Ladies Auxiliary, (Scouts, Cubs, Brownies and Guides) was held in Scout Hall.

The recent Collier Pot and Skate Sale was very successful, thanks to all who cooperated. During the past year the auxiliary have been able to help finish the kitchen, cupboards were built and the floor covered. This year the members have voted to set up a fund towards covering the floor in the main hall. This is a big project but much needed. Approximately 150 boys and girls use the hall for their weekly meetings.

The Auxiliary have at 100.00 how the fund for a start and any extra money earned will be added to help it growing. All ladies interested and mothers of children in these groups are invited to join the auxiliary. Meetings are held the second Thursday of each month at 8.30 p.m. in the Scout Hall.

The Christmas Peanut Drive.... Date: December 1st, 6.00 to 7.00 p.m. The Cubs will be out!! Give them your support.

## DRAYTON VALLEY FIRE BRIGADE HELP HIN.

The Muscular Dystrophy Association of Canada, a group of physicians and scientists who are seeking a cure for muscular dystrophy, will be aided in Drayton Valley by the Volunteer Fire Brigade. The Fire Brigade has placed receptacles for the collection of money in various business houses in Drayton Valley and the drive for funds is well underway.

85% of all the money raised will go into medical research in an all-out attempt to find the cause and a cure for the muscle-wasting disease. The remainder of the funds will provide essential patient services.

W.A. LADIES MEET.

The Ladies of Drayton Valley United Church W.A. met in Mrs. Heyland's home on Thursday, Nov. 27. There were 18 members and 6 visitors present. W.A. members were pleased to have among those visiting, Mrs. Mustard, of Hinton. Mrs. Mustard is a former resident of Drayton Valley and organized the first W.A. group in her home.

It was agreed to form another group for ladies who prefer afternoon meetings. The next evening meeting will be in the home of Mrs. O. Willmott, on Thursday, Dec. 4, at 8.00 p.m. This meeting will be in the form of a Christmas party, to which husbands will also be invited.

BROWNIES AND GUIDES MEET.

On Nov. 25, at the Scout Hall, the local Brownies and Guide Company united for a Flying-Up ceremony for Brownie Gwen Shearer, who completed her tests for the Golden Hair and received her Wings and has now become a Guide Tenderfoot. Officially enrolled were the following: Valerie Urbyshyn, Ann Gray, Janet Hyslop, Barbara Rempel, Marie Ann McLean, Susan Lepka and Susanna Brooks.

On Wednesday Nov. 26, Miss Riddick, secretary of the Girl Guide Association, visited Drayton Valley. A Tea was held in the Anglican Parish Hall where she spoke to the Girl Guides, who were followed by a meeting with the Brownies and Guide Mothers. In the evening Miss Riddick met with Brownie and Guide leaders at the home of Mrs. Shearer.

**HINTON'S NEW TOWN HALL.** The three year old Alberta town of Hinton, population 3,500, is well on the way to having a complete civic centre.

First stage of the plan was a curling rink, completed last fall. Last week saw the completion of Stage 2, a brand new town hall. Further stages in Hinton's ambitious development program call for an arena, swimming pool, auditorium, tennis courts and stadium.

The town hall is designed for a population of 3,500 to 6,500, and can be expanded to serve 10,000. It contains civic offices, police department and fire department. The civic department contains a general office for six people, for private civic offices divided by movable partitions, and a council chamber suitable for the town officials plus 40 citizens.

The police department has two private offices, a general office, exhibit room and interview room. Also included are five detention cells.

The fire department is completely separated from the remainder of the building. A club room, kitchen, two sleeping rooms and washroom have been provided, in the belief that good accommodation will attract good men to the brigade. Space is provided for two truck units, one a combination pumper, booster and hose truck; the second is a tank truck with pump.

Cost of the town hall was \$130,000, including furnishings valued at \$5,000. The building was designed by architect Gilbert R. Beaton, with Haddin, Davis & Brown as consulting engineers.

**DRAYTON VALLEY HIGHLIGHTS.**

**BY Edith Deby.**  
Have any of you noticed a change in our genial friend, Mr. Fuhr? It seems to us that he has become just a bit naughty and condescending since he received the title "Grandpa".

Mrs. Wallace Nordby has been a patient in the Drayton Valley Hospital for several days. It is hoped that she will be well enough to return home soon.

Miss Germaine St. Louis was seriously injured recently when the car in which she was a passenger slowed on an icy stretch of road. Miss St. Louis received cuts, bruises and serious damage to her spine when she was thrown out. It is feared that she will not be well enough to return to her position as agent in the telephone office for several months.

When Mr. Jack Scott returned from Mayerthorpe Hospital in an ambulance last week he proved "you can't keep a good man down".

Mr. Scott's car rammed a parked lowboy on the dusty Whitecourt road a couple of weeks ago. Mr. Scott lost his teeth and received a broken leg, together with cuts and bruises. Two passengers in the car escaped serious injury. The car was completely demolished.

At the annual meeting of the Drayton Valley Women's Institute the following officers were elected for 1959: President, Mrs. Moore; Secretary, Mrs. Deby; Treasurer, Mrs. Bosworth. Directors: Mrs. Gordon Brown, Mrs. Dion, Mrs. Kraus. The December meeting will be held at Mrs. Moore's home. Anyone wishing to rent a Santa Claus suit should phone Mrs. (next column)

Dion at 235 ring 3. Mrs. Dion was hostess for the meeting. The W.I. are holding a bazaar sale in Lloyd's Jewelry on December 5.

Be sure to have your tickets on the raffle before that date. Skates with white boots, a card table and a child's sleigh are the prizes.

A baby girl was born to Mr. and Mrs. Jay Yeomans in Drayton Valley Hospital on November 10. The newborn has been named Sharlene Rose.

Miss Barbara McKenzie spent last week end with her parents. She is attending Srathcona High School in Edmonton.

Mr. and Mrs. William Louth are spending the winter on their farm at Rocky Rapids. Often the Louths winter in Florida. The rest of the year they live at Jasper.

For a time last week it was feared that Allister Oorbett had lost the sight of one eye. He had been struck in the eye with an elastic band by a playful companion. The doctor believes that no permanent harm has been done.

Mr. John MacKenzie and son, John, were among those that were injured in a seven car pile up on the highway near Twig Inn on Monday night. Visibility was reduced to zero by the smoke from burning brush piles on the new highway at that point. Mr. MacKenzie has three broken ribs. John has various scratches and bruises as well as a deep gash on his scalp. Several of the cars, including Mr. MacKenzie's, were badly damaged.

Walter Vickrey and his family, who left the violet Grove district some months ago to live near Fort William, Ontario, have bought a house in Toronto and intend to make their home in that city.

Cliff Vandergrift of Drayton Valley (Turner Valley please note the address) had a big year at the rodeos. He is the 1958 Galf Roping champion and also led his team to top honour in the Wild Horse Race. Some of Cliff's prizes have been on display at Lloyd's Jewelry. They include three fine saddles, three handsome belt buckles, a watch, a belt, a Gladstone bag, a set of silver, mounted spurs. Several small boys stood about stroking the saddles lovingly and asking questions of Mrs. Lilloy. Look to your laurels, Cliff. There is plenty of competition coming up.

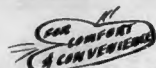

Hope to see you all at the Turkey Dinner in the Community Hall on Saturday night. Serving to start at 5:00 p.m. (next column)

## CHAMBER OF COMMERCE MEETS IN CARDIUM ROOM.

On Monday, December 1st, at 9.15, after the stores closed, the Drayton Valley Chamber of Commerce met for their regular monthly meeting with a good attendance of businessmen and Chamber members on hand for the occasion.

In the chair was newly elected president, Ossie Williamson. During the course of the meeting a vote of thanks was extended to the committee which had been in charge of the Bridge Dedication ceremony and program. Some of the Chamber members voiced the opinion that the whole proceedings during the time of the Bridge Dedication and the banquet which followed, had progressed very smoothly.

A vote was taken of the merchants present as to their wish for the time of closing, during the Christmas season and the group voted to remain open till nine o'clock every evening, starting on Monday, December 15th, until Tuesday, December 23rd, and to close at 6.00 p.m. on Christmas Eve.

Motion was effected to establish an Industrial Development Committee in the Chamber of Commerce immediately after the first of the year. Such a committee is already set up in the Drayton Valley Town Council, under the name of Public Relations Committee.

## RECREATION BOARD MEETS.

The Recreation Board of Drayton Valley held their meeting December 3, in the Town Council chambers, with members of the Senior Hockey Club; also present were a delegation from the Order of Royal Purple inquiring into the age limits on the skating rink. There are no age limits for skating. It is proposed to sell family memberships at \$2.00 for the season, or \$1.50 for single memberships. New lights have been installed and the rink and the Slks have agreed to get the rink ready for use.

Once again the Board would like to express their appreciation to the Lions Club for their excellent job of construction on the hockey rink. The Senior Hockey Club is giving further consideration to a proposal to the effect that they take over the operation of the hockey rink, subject to the approval of the Recreation Board.

A temporary green light was given the Craft Guild for the use of the upstairs room in the Recreation Building Wednesday and Thursday evenings, until this can be definitely confirmed. A full report will be given next week.

The Town Council, acting on the advice of their engineers, ruled that the sound at the Reservoir (next column)

## RECREATION BOARD MEETS (continued)

cannot be used as a slide. The Teen-Age problem was brought up by members of the Royal Purple and it appears interest is brewing again. We hope something will develop. No further meetings are planned until after the first of the New Year.

## BOXING ASSOCIATION FORMED.

On Tuesday, December 2nd, a group met together to discuss the formation of a boxing club. As a result of the meeting the Pambina Boxing Association was formed.

Heading the group as president is Gordon Cross who has had quite a bit experience in boxing. Clubs in Ponoka and Wetskiwin. Mr. Cross has also done considerable amount of boxing in amateur leagues.

Secretary-Treasurer of the newly formed organization is Constable Al. Miles. Directors named were Eldon Herbert, Don Booker, Howard Hanson, Art Playford, Fred Cross and Don Compton, with others to be added later as the club gets underway. The boxing association group will be sponsored by the Drayton Valley Canadian Legion.

On Tuesday, December 7th, an open meeting for the purpose of organizing the amateur boxing club will be held in the Anglican Parish Hall at 8.00 p.m.

The meeting will be open to all those who are interested in forming the boxing club in Drayton Valley. Memberships will be accepted and membership cards will be issued at the night of the meeting. It is known that there are quite a number in this area who have had considerable experience in boxing, and there is at least one who has fought in Golden Gloves competition. It is expected that a group will be formed to take care of senior high school boys and also a group for junior high school lads.

## COLORED LIGHTS STRUNG IN DOWNTOWN DRAYTON VALLEY.

Drayton Valley began to take on a Yule-tide look as colored lights were strung across the main downtown streets.

The lights were assembled by the Town crew, under the supervision of the local Calgary Power men, with materials supplied by the Town. The lights were then erected by the Calgary Power crew.

Several of the stores have added to the Christmas appearance with outside lighting.
